

**RFS FinTech Conference**  
**March 16-17, 2018**  
**Cornell Tech – Tata Innovation Center**

The Review of Financial Studies (RFS) will host a Conference on Financial Technology (FinTech) at the new Cornell Tech campus on Roosevelt Island, New York City. The event will take place in the Tata Innovation Center March 16-17, 2018. The conference will feature the completed papers from the RFS FinTech Call for Proposals and the proposals workshop at Columbia University in May 2017.

Over the past decade, technological innovation has transformed the financial services industry at an accelerated pace, and further disruption of the traditional financial sector is a near certainty. The conference will feature papers offering cross-disciplinary and innovative research on this new emerging topic.

The RFS Conference on FinTech is grateful for the financial support of the Society for Financial Studies, the Johnson Graduate School of Management at the Cornell S.C. Johnson College of Business, and the XIN Real Estate FinTech Research Center at the PBC School of Finance, Tsinghua University.

There will be limited seats available for members of the public to attend. Please contact [RFSFinTech@business.cornell.edu](mailto:RFSFinTech@business.cornell.edu) to formally request an invitation.
